

Receiving Standard Operating Procedure

Document No: SOP-WH-02 | Effective Date: 01-Jul-2025

Procedure Steps

- Step 1: Verify inbound vehicle against the scheduled Purchase Order and Delivery Schedule.
- Step 2: Unload goods to the Receiving Dock and match quantity against the supplier's Delivery Challan.
- Step 3: Perform Incoming Inspection per the Incoming Inspection SOP - check for damage and verify quality certificate.
- Step 4: Record accepted quantity on a Goods Receipt Note (GRN) referencing the PO number.
- Step 5: Route rejected material to the Quarantine Area and initiate a Return Note if applicable.
- Step 6: Update the stock register with put-away bin location for accepted stock within 30 minutes.
